AFTERNOON TEA MENU
WELCOME TO AFTERNOON TEA AT CLARIDGE’S

IT IS WITH GREAT PLEASURE that we welcome you to Afternoon Tea at Claridge’s. The creation of this thoroughly English institution is credited to a lifelong friend of Queen Victoria, Anna Maria Russell, who was looking for a means of avoiding hunger pangs in the long gap between an early lunch and a late supper.

At Claridge’s we’ve been observing this delightful aspect of our nation’s culinary heritage for the best part of 150 years.

For a century or more, our Executive Chefs have remained faithful to the classic combination of finger sandwiches, scones served warm, and sweet pastries accompanied by a remarkable selection of wonderful loose leaf tea. Our ingredients are painstakingly sourced, skilfully prepared and served fresh each day.

The centrepiece of afternoon tea is, of course, the drink itself. Our wonderful tea connoisseur, Henrietta Lovell, has scoured the world to bring us delicious tea from small, little known producers from the four corners of the world. Working hand in hand with our Executive Chef, Martyn Nail, they have carefully selected teas that will complement your food perfectly and all tea is prepared and poured at your table to your preferred strength.

Your afternoon tea is served from a specially designed stand and on the very finest bone china and silverware, both made to a unique Claridge’s design. Around you is the splendour of Thierry Despont’s magnificent Foyer, inspired by the 1930s’ heyday of art deco.

Over the next few pages you’ll discover the degree of care that goes into each cup of tea and morsel of food as well as some of the little secrets that make Afternoon Tea at Claridge’s such a magical experience. If there’s anything more you’d like to know, don’t hesitate to ask.

All that remains is for us to wish you a wonderful afternoon.

SANDWICHES

SMOKED SALMON
Delicate layers of Severn & Wye smoked salmon served on rye bread with brown shrimp, horseradish, juniper and caraway. We selected our trusted supplier, an independent business based at Westbury-on-Severn, because they smoke the salmon to a more generous depth of flavour.

CHICKEN
The chickens are naturally reared Cotswold White birds, which are given space and time to develop to produce a meat with a flavour and texture perfect for our sandwiches. Once roasted and carved, the chicken is dressed with mayonnaise and accompanied with gem lettuce, roasted corn and marjoram served on malt bread.

HAM
Our Dorrington ham sandwich is served on onion bread accompanied by caramelised apple, calvados & cinnamon butter, red endive. Our Executive Chef, Martyn Nail, searched high and low for the best quality ham, and eventually chose a father and son producer from the West Midlands who have now worked with us for over 15 years. Cooked in our own kitchens to a classic recipe, this is a wonderfully textured thick meat prepared for the perfect sandwich.

EGG MAYONNAISE
Clarence Court duck egg are cooked to retain their waxy texture and then chopped by hand and turned with our home-made mayonnaise. Finished with a good twist of black pepper, the sandwich is creamy, soft, yielding and very moreish; this sandwich is served with, crisp shallot, mustard cress on fresh white bread.

DELICATE BALANCE
You might notice there is always a consistent balance between the thickness of the bread and the filling in our sandwiches, so that the filling is the same depth as the carefully sliced bread. Unlike bread sliced for toasting, ours is laterally sliced so that it retains its shape, and is a pleasure to look at and eat.
CUCUMBER
Our cucumbers are grown organically in the heart of England, under glass or in the great outdoors, depending on the weather. The cucumber is served with lemon and watercress cream. As per tradition, it comes on a soft white bread, recalling the time when white bread was a culinary sensation thanks to 19th century milling techniques.

CHEF’S SEASONAL SAVOURY
We keep a place on our afternoon tea menu for a savoury with a special seasonal ingredient that has inspired our Executive Chef’s culinary imagination. Carefully selecting the finest produce from a close-knit family of British producers of meat, finest cheeses, herbs and vegetables. Our Chef’s savoury will offer a delightful surprise that reflects the very best of British seasonal specialities.

ATTENTION TO DETAIL
Attention to detail runs throughout Afternoon Tea at Claridge’s, from the careful selection of the finest ingredients to the standard and design of our crockery and cutlery. Our fine bone china is made to a unique Claridge’s pattern, and our cutlery is from one of the world’s finest makers in Hamburg, also made to a unique Claridge’s design. No aspect of this very special meal escapes the attention of our team.

TOP TEA TIP – White Peony, for your selection of Sandwiches. This subtle tea has a gentle sweetness with grassy notes and a delicate hint of apricot.
SCONES

The Claridge’s scone recipe is a timeless classic, carefully refined over generations. Served freshly baked and warm, we offer a plain and raisin scone with a soft, yielding texture and a colour of warm white gold. The scones are accompanied by Rodda’s Cornish clotted cream, we consider the finest in Britain, and a specially made Marco Polo gelée. Our Chefs believe it to be one of the finest jams in the world and the perfect complement to the scone and the cream.

JAM FIRST, OR CREAM?
It’s been a topic of much debate over the generations. In our view, it is the cream that comes first, followed by a teaspoon of tea-infused Mariage Frères gelée. Of course this is just our own opinion, and the order of ceremony will always remain entirely a matter of the guest’s own taste and preference.

TOP TEA TIP – Claridge’s Blend for your freshly baked scones. This is a deftly blended tea. The deep, rich malty notes are enhanced by the cream. The bright, floral top notes lift the scone’s warm biscuity flavours, and the hints of chocolate and burnt sugar add a satisfying depth and complexity.
A CHOICE OF CHOCOLATE
Claridge’s always uses the best ingredients for everything it prepares. When it comes to the chocolate in our pastries, we hold 14 different varieties at any one time sourced from legendary French producers Valrhona. All their chocolate is from single-harvest beans sourced from the very best growers all over the world.

SWEET PASTRIES

We always serve a choice of four delicious sweet pastries. Crafted under the guidance of Jérôme Chaucesse, Meilleur Ouvrier de France 2015, they change according to the availability of the very finest seasonal ingredients and are made fresh each day by our dedicated team of pastry chefs. Blending exquisite flavours with intricate and inventive designs, each creation has a story to tell. This is an experience to savour – one that is made to be shared.

“IT IS THIS STORY THAT I PERPETUATE BY CELEBRATING THE UNION OF LONDON’S CULINARY TRADITIONS AND THE FRENCH PASTRY CLASSICS, IN A MODERN BUT SOMETIMES UNEXPECTED VISION. BRINGING EMOTIONS TO OUR GUESTS, BOTH VISUALLY AND WITH FLAVOUR.”
Jérôme Chaucesse

TOP TEA TIP – Sri Lankan Hand Rolled, for your selection of pastries. A uniquely sweet and delicate tea made with a great deal of devotion with a hint of honeysuckle. Best enjoyed without milk.
CLARIDGE’S TEAS
Sourced by Rare Tea Company, London.

THE HEART OF CLARIDGE’S AFTERNOON TEA has always been the tea itself. That’s why we’ve dedicated some 150 years to the constant refinement of the art of making the perfect cup of tea.

Today, our delicious, hand-picked and hand-prepared teas are as fine, rare and splendid as ever. Our carefully curated selection was put together with skill and expertise by world-renowned tea connoisseur Henrietta Lovell of Rare Tea Company and has been sourced from some of the oldest tea plantations in China, Sri Lanka, Africa, India and an idyllic corner of Cornwall to name but a few. We’ve also developed a delicious Claridge’s Blend tea.

Among the highlights of this tea menu are a White Silver Tip from the mountains of Fujian in far eastern China and one of the most prized teas in the world; the rare Malawi Antler which is made from the shoots of the tea plant and cannot be found anywhere else in the UK, and an Earl Grey from Tregothnan, a walled tea garden in Cornwall that has been producing beautiful teas since the 14th century.

As for preparation, we’ll measure out the correct amount of tea, and make sure the water is at the perfect temperature before serving it at your table, steeped to your preferred strength. Once served, we’ll then drain off the water from the leaves ready for a second infusion – which experts regard as being even better than the first.

Please don’t hesitate to ask your waiter if you have any questions.
BLACK TEA

BLACK TEA is crafted to reveal the strongest and deepest flavours. The British Afternoon Tea was developed to complement the rich, dark flavours of these leaves. These black teas have been traditionally hand-crafted in small batches with great care to preserve their wonderful subtleties of flavour.

CLARIDGE’S BLEND
A bespoke blend created exclusively for Afternoon Tea at Claridge’s. The blend has a unique depth of flavour that combines the power of an English Breakfast Tea with a satisfying complexity. The flavour is rich and aromatic with a deep, malty finish. Perfect served without milk, partnered by a fresh warm scone.

RARE EARL GREY
A traditional Earl Grey tea made from single estate black tea and pure bergamot oil sourced from the ancient citrus groves of Calabria. This is a classic British tea made to exacting standards. The result is a clean and exceptionally bright infusion with exhilarating citrus notes. It can be enjoyed with milk or a twist of lemon zest.

CORNISH EARL GREY
This Earl Grey is grown at the first ever English tea garden on the Cornish Estate of Tregothnan, established in 1335. Enjoying a unique microclimate and protected by a walled garden this is the only English tea in commercial production. It has been blended with a finest quality Assam and delicately flavoured with pure bergamot oil. Best enjoyed black with a twist of lemon.

Found through the woods to the east of the Truro River, Tregothnan was the very first tea estate in England and is responsible for our Cornish Earl Grey.
2ND FLUSH MUSCATEL SIKKIM
High in the Indian Himalayas, at the border with Darjeeling and Tibet lies the secret region of Sikkim. Not as famous as its Darjeeling neighbours, but making a black tea of such delicious delicacy that the heart soars. This tea has a heady floral aroma with soft notes of muscatel grapes and is best served black to appreciate its subtle complexity.

HIMALAYAN FIRST FLUSH
This highly fragrant black tea is plucked in the spring from the delicate first leaves of the season. This very rare Nepali tea comes from the tiny and exquisite Jun Chiyabari Estate which produces just a few kilos of some of the finest tea in the world. A particularly pure black tea with delicate sweetness and notes of deep, dark chocolate, bright citrus and apricots. It is best served without milk.

WAIKATO BLACK
A rare find from New Zealand; showcasing an innovative new tea terroir. In 1996 the Zealong Estate imported rigorously-selected tea cuttings from the best tea growing regions across Asia. This whole leaf black tea has a full-bodied biscuity mouth feel that’s both distinct and gentle. Notes of gingerbread and late summer honey.

RARE CHAI
A rich black tea with freshly ground spices. Unlike a traditional Chai, which often uses a low-grade tea and disguises it with spices, this is a beautifully hand-crafted tea carefully enhanced with spices. Deliciously enlivening.
CLOUD TEA
A delicate black tea plucked from the tiny LaKyrsiew tea garden in the forgotten forest region of Meghalaya known as the “Abode of Clouds.” The tea is meticulously rolled to keep the beautiful leaves whole. This tender crafting allows the leaves to retain a delicacy and softness that is very rare in black tea. Heady floral aromas with a smooth buttery finish and a note of cherry. Best enjoyed without milk.

HUNTINGTON HAND ROLLED
Hand rolled black tea with a surprising depth and intensity. Rich as an Assam with spicy top notes and honey blossom aroma. Remarkably for such an elegant hand-made tea it has enough body to take milk.

MORIUCHI KOUCHA

SRI LANKAN HAND ROLLED
Only a few precious kilos are produced each year due to the quality of the leaf required and the amount of craftsmanship entailed in hand rolling the leaf. A uniquely sweet and delicate tea made with a great deal of devotion with a hint of honeysuckle. Best enjoyed without milk.

CLARIDGE’S REAL FRUIT TEA
This bright and invigorating infusion combines a delicate black China tea scented with Madagascan vanilla pods blended with sweet seasonal syrup.

Chinese tea makers believe that several infusions should be made from good leaf tea; the flavour improves with each infusion.
GREEN TEA

GREEN TEA has as many subtleties of flavour as the finest of wines. The best are both rare and exquisite. The minimum of processing allows the fresh, green flavour of the leaves to be maintained.

WHITE MONKEY PAW GREEN TEA
This is a whole leaf tea that has been meticulously hand-crafted in the Fujian Mountains of China. The leaves are grown, harvested and fired in a wok over charcoal in a method that has barely altered over 3,000 years. Clean, soft and delicate it is a singularly refreshing tea. It can be enjoyed with a drop of heather honey.

NEPALESE HIMALAYAN SPRING
A hand rolled Nepalese green tea from Jun Chiyabari that truly exemplifies the idea of terroir. This early Spring pick originates from one specific field, one specific harvest. Tropical fruit; mango, cooked pineapple and lychee notes yet low in acidity.

HOJICHA
Made from late pick Sencha, this dark tea started life as a green tea – but has been skilfully roasted. Some of the catechins and caffeine are lost in this roasting, softening the tea in every way. It has significantly lower tannins and caramel toasty notes.
OOLONG TEA

OOLONG TEAS have been partially oxidised and have a flavour and body between green and black tea.

GOLDEN LILY MILK OOLONG
An aromatic Taiwanese (Formosa) Oolong tea with a smooth, creamy texture. Sweet and grassy with soft floral notes leading to a deep verdant finish. Crafted from a rare cultivar renown for its succulent, milky texture.

WHITE TEA

WHITE TEA is the least processed of all teas. Their young leaves and buds are all picked in spring and dried in the warm sunshine. They share very delicate flavours.

WHITE SILVER TIP
The most prized of all white teas (and the personal favourite of our esteemed tea connoisseur) this is made entirely of tender, spring buds, picked for only twenty days of the year from the mountains of Fujian in far eastern China. These precious leaves contain the highest levels of antioxidants, the lowest caffeine and the most beautifully delicate flavour of any tea. Remarkably soft, clean and sweet with an aroma of freshly cut grass.

JASMINE SILVER TIP
A delicate white tea crafted entirely from silver tips. Rather than being flavoured, the tea is scented over six consecutive nights with fresh-picked jasmine flowers. Once the preserve of the Chinese Imperial family, this is, without question, the finest jasmine tea we have found. It has a deep and heady aroma and a very soft and gentle flavour.

TEATIME MELODIES
The musicians that play at tea are specially chosen for their knowledge of traditional and contemporary music. Always a duo, and always playing live, the melodies they perform are a mix of the traditional, the modern and the timeless. So whether you’re a fan of Biederbecke or Buble, there’s sure to be something that will delight your ear.
MALAWI ANTLER
Rather than being made from the leaves of the tea bush, this unspeakably rare tea is made only from the velvety stems of its finely plucked spring shoots. These ‘antlers’ wonderfully express the earth of Malawi. In the same way that a wine has its terroir, a combination of factors give this single estate tea its unique flavours. Only a few kilos of Malawi Antler can be produced each year. The tea is soft and sweet with rich lychee and apricot flavours.

WHITE PEONY
A pure white China tea - also known as Bai Mu Dan. Entirely hand crafted from tender spring buds and fresh new leaves. This subtle tea has a gentle sweetness with grassy notes and a delicate hint of apricot.

HERBAL INFUSIONS

HERBAL TEA is not strictly ‘tea’ because all tea comes from the leaves of camellia sinensis. They are infusions of the leaves and stems of different herbs. These herbal infusions contain no additives or flavourings and are naturally caffeine-free.

FRESH ENGLISH MINT
Grown especially for Claridge’s in the Tregothnan Botanical Gardens in Cornwall.

SPEARMINT
The most elegant of mints these gentle leaves make a remarkably smooth, well rounded infusion. Grown on the rolling, green hills of the Shire Highlands of Malawi; they have a delicate softness while still revealing intense layers of flavour. This mint perfectly accompanies any food from savoury to sweet but works particularly well as a digestif.
WILD ROOIBOS
This rooibos is grown wild in the Cedarberg Mountains of South Africa – its indigenous environment. To preserve the delicate ecosystem it is harvested by hand just once a year on horseback. A real redbush, it has strong, bright, berry-like flavours. It can be sweetened with honey or maple syrup and a stronger infusion can be enjoyed with milk.

LEMONGRASS
An extraordinarily smooth and rich herbal infusion with the flavour of lemon drops. This sweet, complex and full-bodied lemongrass is grown in a remote Sri Lankan mountain tea garden above the Ravanna Falls. Bright and vibrant, it is a most wonderful pick-me-up and delicious with cakes and sweet pastries.

CORNISH MANUKA
Manuka is a native of New Zealand but this rare plant has been growing in the Botanical Garden, at the heart of the ancient Tregothnan Estate in Cornwall, for over 100 years. Like the honey made from its flowers, Manuka possesses antibacterial and medicinal properties, particularly beneficial on cold, winter afternoons. Floral and highly fragrant with subtle woody notes of cedar it is particularly delicious with a drop of honey.

LEMON VERBENA
Aloysia Citrodora or lemon verbena is originally from South America. It was brought to Europe by the Spanish in the 17th Century. A pure herb with a mellow lemon flavour, it makes a wonderful digestif.
CLARIDGE’S COFFEE
Sourced by Workshop Coffee, London

At Claridge’s we are committed to sourcing the most delicious coffee possible. This journey has seen us taste and test numerous samples from different producers and origins in order to find the most exciting and interesting coffee to bring back to our guests.

The result is a carefully curated menu created in partnership with Workshop Coffee, using beans from a number of producing origins, including Guatemala, El Salvador, Colombia, Costa Rica, Brazil, Rwanda, Ethiopia, Kenya and Burundi.

We brew single-origin coffees rather than blends which allow the specific and nuanced characteristics of each coffee to be showcased at their best. Our seasonal approach means that coffees are always prepared in their prime, when they taste fresh, vibrant and with a full depth of flavour.
COFFEE MENU

ESPRESSO
Concentrated and brewed under pressure, our espresso coffee possesses a balance of delicate sweetness, ripe acidity and a smooth, silky body. Expect toffee and dried fruit notes and the aftertaste to linger in the same way a square of high quality dark chocolate on your tongue might.

CAPPUCINO
Creamy, plush and pillowy steamed milk atop a caramelly and smooth espresso is one of the most satisfying and dessert like drinks. Our cappuccino is a textural and flavoursome delight.

LATTE
A subtler coffee flavour provides a back note in a longer, velvety milk drink, prepared in such a way as to highlight the coffee’s toasted nut, custard and creamy notes.

FILTER COFFEE
Precisely ground and brewed to bring out the unique characteristics of the coffee’s origin and variety. This style of coffee allows for a greater clarity of flavour and should be enjoyed over a longer period of time. As the coffee cools, the sweetness and delicate taste become increasingly evident. Taken black, expect a crisp and clean cup. A splash of milk will highlight toasted nut and milk chocolate tones.

Ask your waiter for specific information on today’s coffee choices.
