

## WELCOME TO CLARIDGE'S

Claridge's began life in 1812 as two terraced houses on Brook Street run by James Mivart. In 1854 these were sold to William and Marianne Claridge who were already running a small hotel on Brook Street and envisaged joining them together. A visit from Empress Eugénie of France and Queen Victoria in 1860 sealed the hotel's success.

The tradition of royal visits continues to this day and over its long and illustrious history, Claridge's has played host to the most distinguished figures of every generation. Favoured by locals and international travellers alike, Claridge's is truly an art deco icon in the heart of Mayfair.

Within these pages you will find information about services we provide but if there is anything further you may require, please do not hesitate to ask.

We do hope you will enjoy your time in London with us.
